Why study exoplanets?

For centuries, fictional depictions of planets orbiting other stars have fired our imagination. From the desert world of Arrakis in Dune to the lush jungles of Yoda's planet Dagobah in Star Wars, we humans have been fascinated with the idea of exotic, far-off worlds.. We now know that worlds beyond our solar system—known as

The program is especially considering full- or part-time students who are currently enrolled, taking a gap year, or who have been displaced by a previous internship due to the onset of COVID-19. In late September, Planet will welcome their first Software Impact interns on both their Developer Relations and Quality Assurance teams.
