Painting Miniature Military Figures

I tend to paint 15mm and smaller figures, so holding and painting each one individually is typically not a realistic option. If you are painting larger figures, such as 28mm figures, you can easily hold each miniature by the base while you paint it. For smaller figures, you need a different approach. Method 1: Glue Miniatures to a Nail or Golf Tee

Tips and Tricks for Painting Military Miniatures ...

Traditionally, miniature figures started as pre-painted toy soldiers made from lead. (If you watched the movie *1776* about the American revolution of 1775-1783, you will notice a scene where lead toy soldiers were melted down to become rounds for a musket.)
