A project plan is a formal, written document that lists all key project details like milestones, deadlines, sprints or tasks, and owners, in an effort to manage, track, and control a project throughout its lifecycle. A project plan helps direct efforts and budget, but will usually experience some (if not many) changes as the project moves forward.

However, once the project is finished, it's smart to send out a final summary report. The purpose of a summary is to offer stakeholders a wrap-up to the project. You'll use it to officially close it out. Again, it's a high-level overview, but instead of including updates and statuses, you'll provide a summary of how the overall project ...
