It took a couple days for the economy to really take off, I kept a couple ST traders in the Terran sectors for a while to ensure they kept all the stations well supplied. I have several closed-loop complexes at this point (using Litcube's Saturn Complex Hubs mod to keep in-sector FPS under control).

The way I want to play is a PMC building an empire with wharfes to build my own battle groups flying missions. I like litcube for generating a realistic war but fear it will get dull in vanilla X3. I haven't played X3 in a long time. So I have some questions here: Which mods should I install (beside the omnipresent official X3-scripts)
